

**In your own words, define Gender-Affirming Care:**

**In your own words, explain how 'Informed Consent' applies to providing Gender-Affirming Care to minors:**

**In your own words, why is Gender-Affirming Care important?**

**Something to think about:** How would you support a cis minor client (a client who has a gender identity that matches their assigned sex at birth) around their gender journey? What messages did you receive (and do you continue to receive) about your own gender identity?
